Derval Bright

Dermatological test on humans in 2008

The dermatological test performed by us
on your product under the control of dermatological specialists
was passed for this product with the rating of

“very good”.

This product did not lead to toxic- irritative intolerance reactions in patch testing carried out in accordance with international guidelines. The preparation can therefore be declared as dermatologically tested.

Dr. med. Werner Voss
Investigating specialist
for dermatology, allergology,
venerology, phlebology
and environmental medicine
